PROFESSIONAL SUMMARY

Founder's Associate and startup operations generalist with experience supporting founders across research, business operations, hiring coordination, project tracking, stakeholder follow-through, and internal documentation. Skilled at turning ambiguous assignments into clear deliverables, maintaining systems that keep small teams organized, and managing several priorities in remote startup environments.

EXPERIENCE

Founder's Associate, HRA Systems (Remote)

Nov 2025 - Present

- Own and coordinate cross-functional workstreams across business operations and new initiatives, maintaining timelines, deliverables, dependencies, and action items from research through completion.
- Conduct market, competitor, vendor, event, and opportunity research, then synthesize findings into briefing notes, trackers, and recommendations for founder decision-making.
- Prepare internal documentation, stakeholder communications, project updates, and working materials across concurrent founder priorities; manage follow-ups to keep work moving.
- Build and maintain workflows and knowledge systems in Notion and Trello; support recruitment, interview coordination, candidate communication, and onboarding.

Founder and Editor, The OffScript (Remote)

Jul 2026 - Present

- Founded and independently operate a weekly explainer publication for young Nigerians, growing the subscriber base to 100+ within the first few weeks without paid marketing.
- Manage the full operating workflow, including content planning, research, writing, editing, publishing, email distribution, website management, and performance tracking.
- Lead audience-growth and partnership outreach across events, communities, and media contacts, using campaign data to guide distribution decisions.

Outsourcing Intern, Proten International (Hybrid)

Jul 2025 - Oct 2025

- Supported recruitment, onboarding, employee communication, workforce administration, and HR documentation for outsourced employees using Zoho and SeamlessHR.
- Served as a day-to-day contact for employees, resolved operational issues, and coordinated with internal teams to keep onboarding and communication workflows moving.
